13th O. M. R's off to Unknown Destination

On the occasion of the departure of the
13th O. M. R's from Medicine Hat for an
unknown destination last night, thou-
sands of people, representative of every
corner of this fair province gathered
to bid the boys farewell.

Prior to their departure, the City of
Medicine Hat presented the boys with a
splendid complete sports outfit, accom-
panied by the following address:—
Lieutenant Colonel Holmes, Officers,
Non-Commissioned Officers and Men
of the 13th Battalion, O.M.R., Cana-
dian Expeditionary Forces:

It is the desire of the Citizens of the
City of Medicine Hat to recognize in this
public manner the departure from our
city of your battalion which is about to
prepare for a wider field of training in final
preparation for the great task with which
you are confronted.

During your period of training here
your operations have been a source of
much interest to our citizens who have
followed with pleasurable satisfaction
and pride the admirable progress made
towards reaching a stage of military ef-
ficiency. The excellent discipline and
general exemplary conduct consistently
displayed by your battalion arouses feel-
ings of distinct pride amongst our com-
munity who are confident that you will
reflect conspicuous credit, not only upon
the Province of Alberta, where you were
recruited, but upon the Dominion as a
whole.

In full realization of the deep gravity
and seriousness of the life upon which
you have entered, of the trials and hard-
ships to be encountered on active service,
you have exhibited the finest spirit of
patriotism in sacrificing everything you
cherish to go forth and assist in estab-
lishing the supremacy of the British Em-
pire.

Undoubted pluck and heroism has fig-
ured prominently in the actions of the
Canadian overseas expeditionary forces—
stories of their valour deeds have been
many—and that your battalion will in
every way conform with the enviable
reputation of their gallant comrades
the firm conviction of our citizens.

News of your movements will be eagerly
awaited throughout the city. Daily
speculations will go forth for your good
fortune, safety and continued success.
We pray for an early and victorious
return to this great conflict and earnestly
trust that not many months may
elapse before we are able to welcome your
triumphal return.

In the name of Medicine Hat I wish
you "God-speed."

A. C. HAWTHORNE, Mayor.

Blaimore Red Cross

APPEAL TO WORKERS—It
would seem unnecessary at the
present time to remind our citi-
zens of the tremendous needs for
Red Cross supplies. Our casualty
lists show their own appeal, telling
with terrible reality the demands
which the Red Cross must meet.
Supplies and money must be forth-
coming. During the past two
months, at our Boudage depot
alone, upwards of 30,000 surgical
shirts were issued. In March 5,000
cases of supplies were required for
distribution to the French Red
Cross. Only self-sacrificing and
persistent effort on the part of our
members at home can keep pace
with this tremendous output. The
Blaimore branch is determined to
do its share and calls on all local
workers to assist in their utmost
needs of the society.

The following shipment was
made this week to the central pro-
vincial depot at Calgary from the
Blaimore branch:

- 12 Suits Pyjamas
- 2 Day Shirts
- 4 Surgical Shirts
- 18 Fomentation Bandages
- 57 Triangular Bandages
- 110 "Y" Bandages
- 8 Many-Tailed Bandages
- 168 Compresses
- 132 Surgical Pads
- 9 Pair Socks
- 14 Rolled Bandages
- 30 Colored Handkerchiefs

An enjoyable smoker was held

lowing his vocation which incapacitated

Town Council Faces Finance Problem

The regular meeting of the
Blaimore town council took
place last night, present Mayor
Sinclair, Councillors Beebe,
Evans and Bartlett, and Secre-
tary Wright.

The minutes of previous
meeting were on motion ap-
proved, and the following com-
munications were passed upon:
Domuion Trust Company
(re W. Joyce), Canada Bonds
Corporation, Blaimore School
District 628. This latter com-
munication asked for an appropria-
tion from the town to the
school district of an amount
sufficient with the sum forth-
coming from the government
by way of grant to cover the
district's liabilities to the end of
the present school year. As
the amount of the grant will be
about \$700, it is necessary that
the board should receive \$825
to meet its obligations which
in round figures amount to ap-
proximately \$1525.00. The com-
munication stated that unless
the required amount is forth-
coming, the trustees felt that
there was no other alternative
than to close the school. In
this connection it was decided
that the Secretary-Treasurer
be asked to furnish the school
board with full information
regarding the financial condi-
tion of the Town of Blaimore,
and the possibility of the town
being able to furnish them with
the money asked for.

Beebe-Bartlett:—That the
Secretary-Treasurer place all
monies on hand, and what may
be collected up to the first of
July, to the credit of the school
fund.

Chief of Police McLeod asked
for a ten days' leave of absence,
to date from June 29th, which
was granted.

The following accounts were
read and ordered paid, subject
to approval of respective com-
mittees: W. A. Beebe \$20.00
rent, Alberta Government Tele-
phones \$3.50 exchange, Blaimore
Pharmacy \$1.25 for ink, J.
Handley \$1.00 for relief,
Rocky Mountain Cement Co.
\$59.80 for light, Blaimore
Hardware Co. \$2.25, Pelletier
Lumber Co. \$30.55 for plank for
crossings, W. A. Beebe \$8.00 for
insurance, South Alberta Lands
Registration District \$2.05 for
copies of abstracts.

B. Sevan, of Cement Street,
complained about the condition
of that street, and the property
and works committee were in-
structed to give the matter at-
tention.

A meeting of the school trust-
ees was held on Monday even-
ing of this week, present W. A.
Beebe, J. F. Hunter, L. H. Put-
nam, W. J. Bartlett and Secre-
tary-Treasurer Wright.

The minutes of a regular
meeting held on April 18th, and
of a special meeting held April
26th, were on motion approved.

The resignation of L. H. Put-
nam was accepted, as was also
the resignation of H. E. Lyon
as chairman of the board.

Both resignations were ac-
cepted with expressions of re-
gret that the board were losing
the valuable services of such
active members, and wish their
appreciation of past service and
their most cordial good wishes
for the future of the late mem-
bers to go on record.

A number of small accounts
were passed.

W. A. Beebe was elected
Treasurer, to replace Lieut.
Col. H. E. Lyon, resigned.

Edmonton Co. Makes Extensive Alterations

The Edmonton Cement company, suc-
cessor to the Edmonton Portland Cement
company, have begun extensive develop-
ments to the plant at Marlboro.
The services of J. R. Patterson, of Chicago,
have been secured and Mr. Patterson is
one of the best known cement manufac-
turers of the United States, with over
thirty-five years' experience.
Edmonton capitalists, interested in the
old company, have shown their faith in
Edmonton and its district by applying
the capital required to make the output
of the plant 100 per cent. more efficient
than it was before the war. The output
prior to alterations was 1,000 barrels a
day, but new equipment has been pur-
chased and the plant is being remodelled
to have an output of 2,000 barrels per
day.

The Edmonton Cement company's
plant has been closed down for some
time, owing to the war and the resultant
effect on the building operations. The
company anticipate extensive work-
ing undertakes in the near future, and
are preparing for the advance which is
expected. The re-opening of the mill is
considered as significant of the war for
its opportunities to the new settlers of
Columbia district.

Production and Markets

How is the war affecting the live
stock industry of Canada? Can this
country develop a profitable export
trade in live stock products? If so,
how would such a trade affect Can-
ada and what advantage will it yield
to the Canadian farmer? What op-
portunities present themselves in the
way of foreign business as a result
of our participation in the war? Will
more or better poultry, hogs, sheep,
cattle, horses insure any profit or
benefit to the man who owns and
raises them? Will systematic or or-
ganized action in breeding, feeding
and selling be of any service in mak-
ing Canada henceforth a powerful
factor in the world's product busi-
ness?

If anyone is interested, either in
the town or on the farm, in the prob-
lems which each of these questions
raise, he should secure and read a
copy of Pamphlet No. 19, "Produc-
tion and Markets," written by the
Live Stock Commissioner and the
Assistant Live Stock Commissioner
and recently issued by the Live Stock
Branch of the Dominion Department
of Agriculture. The pamphlet has
the unique feature of dealing not only
with the question of production, but
as well, with the equally important
problem of market. We think that
every farmer in Canada should at
once carefully read a copy of this
publication. It is issued at a moment
when a careful study of the
existing market situation should
prove of great value to owners of
breeding stock of all classes. Ap-
plication for copies should be made
to the Publications Branch, Depart-
ment of Agriculture, Ottawa.

Rheumatism

A gentleman in Khaki, just back from
France, rambled into a restaurant. After
glancing over the bill of fare, he
looked round the room for a waiter.
"Yes, sir," said the waiter, sliding
over in response to his call, with a glass
of water and a napkin.
"Tell me, waiter," remarked the sol-
dier, "have you got frogs' feet?"
"No, sir," was the unexpected reply.
"It is rheumatism that makes me walk
like this!"

Cowley Happenings

Arthur Bettio has purchased a new Ford car.

Gordon Woodhead has purchased a Plender car.

BORN—At Fernie, to Mr. and Mrs. Howie, a son.

Mr. Howie spent the fore part of the week in Fernie.

John Kemmis has purchased a new Chevrolet car.

Mrs. Villeneuve, of Warner, is visiting her sister, Mrs. Scotie.

Pte. C. Crawford spent the week end with his uncle, John Brown.

Several people from here took in the patriotic picnic at Brocket on the 16th.

Principal F. Smith has gone to Carstairs to spend the holidays with his brother.

A number of local Masons motored to Pincher Creek on Friday night to attend lodge there.

Mrs. Michael and family, who have been employed with C. H. Powlett, have gone to Vegreville.

Miss Kippian left on Tuesday night for her home in Manitoba, where she will spend her holidays.

Sergeant Swift came down from Blairmore to spend a few days with his family, before being removed to Sarcee camp.

Hugh Lancaster, the census enumerator, was around this week. We wonder if all the fair sex gave the correct figures.

Owing to so many of Miss Swinney's music pupils being laid up with the measles, she is able to take a few holidays now.

Capt. Angus Buchanan and Thomas Comfort, two of our home boys, are reported among the missing in a recent casualty list.

J. C. Bundy, who was formerly employed as agent at New Dayton, has moved here with his wife, and will take charge of the Cowley station.

M. A. Murphy received a letter from Dr. Johnston, stating that he will soon go over to France, where he will be in attendance on the wounded soldiers.

A home-coming dance was given to John McLaren and bride by the groom's parents, of North Fork, on Tuesday night. The dancing was kept up far into the small hours of the morning and a merry old time was had by all.

The train bearing the 192nd bat-
talion passed through here on Fri-
day night about 11. Several of
our people stood on the platform to
bid the boys farewell, but all that
they could hear or see was the
playing of the band as the train
rushed by like a shot.F. W. Godsal has given two
mounted heads, of great beauty, to
the Women's Institute, to sell for
the purpose of raising money to
help carry on the work of the Red
Cross. These heads may be seen
in one of the stores in town. The
Institute hopes to raise \$500 on
them.Hugh Pettit and Bert Conley
have returned from Boise, City,
Idaho, where they were playing
pool. Mr. Pettit says that his pony
fell on him in the very first game,
giving him an injury in the shoulder
which disabled him so that he
could not play any while there.
Mr. Pettit seems to be
all right now, as he is able to get
about as usual.

About a week ago Floyd Dodson,
while working with his father at
the Heath Creek saw mill, in the
Porcupines, had a pile of lumber
fall on him. It was at first
thought that the injury was not
serious, but on Saturday his con-
dition became grave, when he was
rushed to the Pincher Creek hos-
pital, where he died on Sunday.
The funeral took place from Pin-
cher Creek to the Cowley cemetery
on Tuesday afternoon. Deceased
was twenty-one years of age and
leaves a host of friends to mourn
his early demise.

HOW FAT FOLKS MAY BECOME SLIM

Lack of oxygen in the blood generally the cause of getting fat—Oxigen
reduces weight a pound a day in many instances—A
good test if you are fat

If you were to put a lit lighted lamp into an
air tight room it would burn only so long as the
supply of oxygen in the air lasted, then it
would go out. If you were to look a man in an
air tight room he would live only until he had
consumed the oxygen in the air then he would
die. If you were to take from the blood its full
power to carry oxygen through the body your
muscles would become weak, your circulation
weak, your flesh flabby, blubbery and flaccid.
A general weakening of all the organs would
result and you would soon be ailing from
stomach, liver or kidney disorders and instead
of being strong, healthy and active, you would
become fat, slow and debilitated. Fat is dan-
gerous. Athletes work hard to keep down fat.
They know their minds work quicker and they
have more power and endurance when fat is
banished. No athlete ever went into an effort
with a roll of excess flesh around his waist or
with his muscles soft and flabby.
If you are fat it is almost a sure indication
that your blood is crying for oxygen, that you
are starving your body for this one thing. Oxygen
is as essential to the blood as salt is to the
human system.
No matter what anyone tells you, if you are
fat you owe it to yourself to make the following
test: Take a long deep breath and then see how
many steps you can take without being com-
pelled to rest it out. Next take an old oxigen
capsule, one after each mile, and see how long
you can walk and how much lighter
and cooler you will feel on your feet. People
who are fat and ailing all the time may double
their strength and endurance and reduce
weight a pound a day by simply taking oil of
oxigen. Oil of oxigen capsules are designed
to increase the little red corpuscles in the blood
making it possible for the blood to carry more
oxygen, supplying the body with more life
more vitality and more vim. Absolutely harm-
less, will not injure the most delicate, wonder-
fully efficient.
It is dispensed in this city by all druggists or
can be had direct from the Dr. Little Drug Co.,
Box 1587, Montreal, P.Q., on receipt of \$1.00
in full cash or money order. There is nothing
better.

ANNOUNCEMENT

We wish to announce to the travelling public that we have recently
taken over the proprietorship of the Union Hotel at Frank. Since our
assuming charge, we have given the house a thorough cleaning from top to
bottom. Several changes have been made in the plan of the ground floor,
in order to apply the demand for an up-to-date pool hall. Our pool hall
is equipped with well set tables, which will in the near future be augmented
by the addition of a large billiard table, an additional room for which is
being added to the hotel. Our dining room is receiving particular atten-
tion and is being thoroughly renovated, and when completed will be in first
class condition. After June 30th we will convert the bar into a refreshment
parlor, where soft drinks, ice creams, etc., will be served. In addition to
other branches, we have a modern equipped tonorial parlor, which is in
charge of Mr. Blomqvist, who has had over ten years' experience in the
trade and is thoroughly competent. It has been stated that hotels cannot
be operated on a paying basis without the bar. Our past experience leads
us to believe that an institution catering fair treatment to the public can
command sufficient support to make the venture a paying one, and have
decided to give it a trial. We therefore solicit a share of your patronage,
and guarantee satisfaction at all times to everyone. Yours truly,

The smoker given to the soldiers before leaving for Calgary was one of the best of its kind held in Bellevue for years. The soldier boys wish to thank Joe Rudd for the way he took care to make the affair a success, and also to thank the citizens in general for their kindness in giving them such a send-off, and promise in return to make things interesting for the kaiser when they get to Berlin. A paragraph on the front page of the Coleman Bulletin reads: "A copy of this paper goes into every home in Coleman, Blairmore, Frank, Bellevue and Hillcrest every week." Perhaps it does, but when? It is distributed free, and a mean, sarcastic individual said it wasn't worth that.

A ban has been placed on dancing among Catholics and instructions to this effect will likely be read in different churches of the Roman Catholic denomination at an early date. J. C. Hendry, formerly of Athabasca Landing, has opened up a law office in the Coleman block and is locating permanently in Coleman. A friend at our elbow suggests that the purpose of a lawyer in any community is either to keep people out of jail or to help put some of them in the calaboose; and as we have managed to keep out of the coop without a lawyer, some of us are wondering what the future has in store for us now that a good lawyer has located in our midst. Mrs. Hendry and family will arrive in a few days.—Coleman Bulletin.

Indications Point to Early Close of War

London, June 20.—The Times military correspondent in France writes that the opinion on the British front is most optimistic that the war will be brought to a successful conclusion during the year 1916. This feeling of optimism, he says, is based largely on the following factors:

Continually increasing quantities of munitions on the eastern front; the extraordinary success of the Russian armies; the arresting of the Austrian offensive in Trentino; the silencing of the German fleet through the sea battle off Jutland; the exhaustion of the German reserve as indicated by the calling off of 17-year-old youths, and the use of prisoners in German munition factories.

"The task before us," the correspondent adds, "remains a hard one, but conditions are favorable to us and it only remains for generalship and hard fighting to take advantage of them."
